MEMORANDUM FOR THE RECORD

SUBJECT: Ford Library Request

25X1

1. I was called by  Public Affairs, on 14 July regarding a request of the Ford Presidential Library. Someone from NBC had called the Library asking for a picture of Eric Von Marbod. The only picture the Library had was a group picture which also included President Ford, Henry Kissinger, several others, and two Agency employees--Ted Shackley and George Carver. The caption under the picture listed Shackley as Chief, Far East Division and Carver as Deputy to the DCI for NIO.  called to see if we would check into the classification of the titles shown for Shackley and Carver.
